ALLOWANCE

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 13, 2009 has been entered.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the claim 1 limitation that the heat conducting elements (11, 15, 17, 17.1, 17.2) each have an end that faces the hot side (5) of the nozzle body (3) that is disposed a distance from the hot side (5) of the nozzle body (3) is novel because the prior art does not teach this limitation. The support for this new claim limitation is in p. 6 lines 9-13 and Fig. 1 of the instant specification which illustrates the recited limitation. The heat conducting elements (see 18 in Fig. 2) in the closest prior art of Wells et al. (US 5,371,758) fully extend all of the way to the hot side of the nozzle body and do not leave a distance from the hot side. The benefit of positioning the heat conducting elements a distance from the hot side of the nozzle body is that by preventing contact with the metal melt, the present invention provides a structure that extends the useful life of heat conducting elements 11, 15, 17, 17.1 and 17.2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to CAITLIN FOGARTY whose telephone number is (571)270-3589. The examiner can normally be reached on Monday - Friday 8:00 AM - 5:30 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on (571) 272-1244. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
